Integrations

ACDI + PaperCut MF

Billing Integration | Juris Concept

Required Modules

- Both the export of matters to PaperCut and the import of charges from PaperCut use Juris Concept's PushBusinessData application.

Data Export From Juris Concept (To PaperCut)

- Client/ matter information can be automatically exported from Juris Concept's using the PushBusinessData application.

### Data Import To Juris Concept (From PaperCut)

- PaperCut will automatically export a CSV file to a Windows folder on a scheduled basis.
- The importing of data (cost recovery) into Juris Concept can be automated.

Vendor Support

- The customer does need to schedule time with Juris Concept's vendor support to assist with configuring the import and export.

Scheduling

- It is recommended that the Juris Concept integration is a dedicated session with the customer and Juris Concept support.

Export Options – Client/Matter Information

- Exporting client/matter information from Juris Concept can be automated.

Frequency

- The sync can be scheduled to run hourly or daily.

Export Options – Transactional/Cost Information

- PaperCut will automatically export a CSV file to a Windows folder on a scheduled basis.
- The importing of data (cost recovery) into Juris Concept can be automated.
- The transaction import uses Juris Concept's PushBusinessData application.

Frequency

- Daily, weekly, or monthly.
