

# KPAX Business Services

Providing Managed Print Services involves a significant amount of work and resources that go into proactive monitoring and management of a customer environment. In addition to leveraging KPAX and KPAX Liberty to improve agent connectivity, ACDI now offers KPAX Business Services. KPAX Business Services allow you to leverage the ACDI team to manage KPAX Agent installation and ongoing connectivity.

## Why do resellers opt for KPAX Business Services?

- To offset the operational costs and time lost installing and reconnecting agents.
- To maintain agent connectivity without adding personnel or overhead.
- To scale with a growing customer base.
- To quickly switch to KPAX from a legacy software platform.
- To allow your team to focus on other core business deliverables.

## KPAX Installation Services

ACDI will set up new customers on KPAX and get the agent (Liberty or Software) installed at the customer site on your behalf.

|   |         |
|---|---------|
| Remote Installation fee per agent, 1-24 Agents    | \$99.00 |
| Remote Installation fee per agent, 25-99 Agents   | \$77.25 |
| Remote Installation fee per agent, 100-499 Agents | \$55.50 |
| Remote Installation fee per agent, 500-999 Agents | \$42.75 |
| Remote Installation fee per agent, 1000+ Agents   | \$33.00 |

## KPAX Agent Management

ACDI will actively monitor the agents at your customer locations and work with the customer to get the agent reconnected in the event it stops reporting.

|   |        |
|---|--------|
| Remote Installation fee per agent, 1-24 Agents    | \$5.50 |
| Remote Installation fee per agent, 25-99 Agents   | \$5.00 |
| Remote Installation fee per agent, 100-499 Agents | \$4.50 |
| Remote Installation fee per agent, 500-999 Agents | \$4.00 |
| Remote Installation fee per agent, 1000+ Agents   | \$3.50 |
