PaperCut Hive does scanning too!
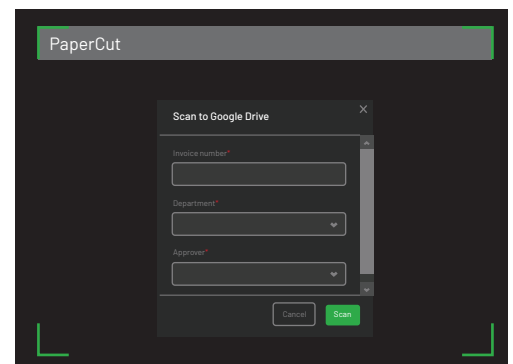

PaperCut Hive is great for introducing scanning solutions into any environment. This cloud-based solution is more than just for print delivery and control, it's a solution to get your scanned documents where they need to be.

Looking for something beyond simple scanning?

- Vendor agnostic, supports all major OEM printing brands
- Over 11 scanning destinations and growing
- Auto-detection of mixed paper-size scans*
- Scan PDF compression
- Quick Scan Action capture fields in scanning
- Address book and metadata drop-down fields support

PaperCut Hive currently has 11 scanning destinations with more to come.
