

Guide for Installing Canon MEAP Application for PaperCut MF

- Use the files found in the link below to find the .JAR files and License Access Numbers for each respective MEAP application. Alternatively, these files can be found in the file structure of any instance of PaperCut MF v24.0.2 or newer([PaperCut MF Install Location]\providers\hardware\canon\Americas)
 - a. Meap License Information

ME	MEAP_License_Information.zip 6 items				
	Name				
	pc-meap-gen2-license-access-number.txt				
Ē	pc-meap-gen2.jar				
	pc-meap-gen3-license-access-number.txt				
₽	pc-meap-gen3.jar				
	README-gen2.txt				
	README-gen3.txt				

2. Navigate to https://asd-pub-an18.srv.ygles.com/web/licenses

 Enter the License Access Number in the corresponding field for the application you would like to generate a license for. For example, if you're installing the pc-meap-gen3.jar application, use the code found inside the pc-meap-gen3-license-access-number.txt file 4. Select Issue licenses for the Operation field and click Next (image for steps 3 & 4)

1 2 3		Language: English	✓ Switch
Select Operation			
Enter the license access nu	mber for the Canon product you pur	chased, and select an [Operation].	
License Access Number	BX4M-3T8J-		
Operation	 Download applications, c Issue licenses 	pptions, or manuals	
Next			
Operator's Manual 🖂			

5. Check the highlighted field to ensure the right code has been entered, and then at the bottom of the page click Apply for License Issuance
