Scanshare APPLICATIONS

TRANSLATION *IN SECONDS*

Smart Document Translation automatically detects source document language and translates the document text contents to one of over 100 available languages and dialects available.

How does it work?

Smart Document Translation supports more than 20 document format types, including Adobe PDF, Microsoft Office, OpenDocument, Rich Text, Comma-Separated Values, and Text (.txt) unformatted documents.

APPLICATIONS:

- ✓ Caregiver Communication
- ✓ Emergency Notifications
- ✓ Enrollment Documents
- ✓ Individual Education Programs
- ✓ School Policy Announcement
- ✓ Health & Safety Info
